

Larry Black, AIA Architect recently worked together with the following Kentucky church points of contact representatives to accomplish:

- Phase I Confirming the church requirements, needs, dreams and site concerns;
- Phase II Developing a concept together and prepare the design;
- Phase IV Produce construction detail documents, coordinating mechanical, electrical, civil engineering site work, fire protection, etc;
- Phase IV Assist churches to bid / negotiate construction contracts; and
- Phase V Architect of Record for construction.

Current 2012 – 2015 Projects:

Steadfast Baptist Church, Strange Road, Hodgenville, Kentucky:

Contact Gary Brown 270 268-4610 or Rev Rodney Troutman 270 765-9726
